

Veflex

Band uit één stuk

Zuinige oplossing

band ook leverbaar in FRAS uitvoering

Zeer flexibel bij torsie

Zeer goede trillingsdemping

*FRAS = Fire resistant and antistatic

Technische gegevens

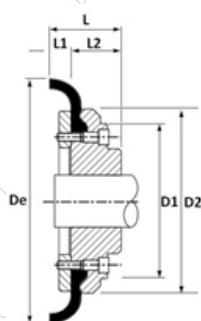

| Koppeling grootte | Nominale koppel [Nm] | Toerental [min ⁻¹] | Massa band [kg] | Massa flens [kg] | | |
|----------------------|-------------------------|-----------------------------------|-----------------------|------------------------|------|------|
| | | | | B | F | H |
| 40 | 24 | 4500 | 0,1 | 1 | 0,9 | 0,9 |

Grootte 40 tot 60

Voorgeboorde flens type B

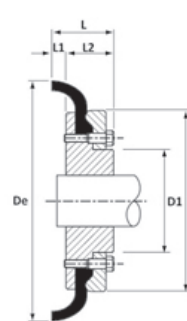

TL Flens type F voor montage langs de binnenkant

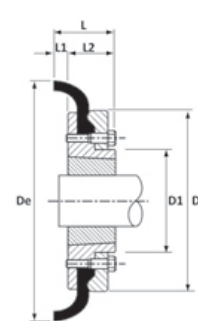

TL Flens type H voor montage langs de buitenkant

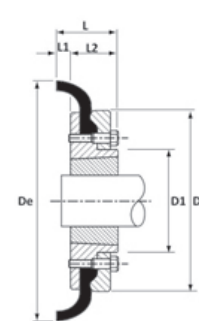

Grootte 70 tot 250

Voorgeboorde flens type B

TL Flens type F voor montage langs de binnenkant

TL Flens type H voor montage langs de buitenkant
